SEO

A central white rectangular box displays a mobile application's category screen. At the top left is a back arrow, at the top center is the word "Categories", and at the top right is a shopping cart icon. Below these are two main categories: "Bussiness" and "UI/UX". The "UI/UX" category is highlighted with a yellow background. To the right of each category are two small thumbnail images: one showing a hand holding a smartphone displaying a mobile app interface, and another showing a grid of wireframe designs. Below each thumbnail is a rating of "4.5 ★★★★☆", the category name, the author's name "Stephen Moris", and the price. At the bottom of the screen are three more category cards: "Accounts", "Software Engineering", and "SEO", each with its own thumbnail, rating, author, and price.

User icon

The central element is a semi-transparent white overlay containing a user profile. At the top right is a circular profile picture of a young man, Punit Kanzariya, with a camera icon in the bottom right corner of the circle. Below the picture is his name, "Punit Kanzariya", and his email address, "punitkanzariya@gmail.com". Below this information are five green rectangular buttons with white text and arrows: "Edit", "Setting", "Achievements", "About Us", and "Logout". At the very bottom of the overlay is a dark teal footer bar with four white icons: a house (Home), a search bar (Search), a speech bubble (Comment), and a user icon (User).
